

# FINCAVIEJA

AIRÉN 2021

## HISTORY

This wine pays homage to the respect and care for our land. To the desire to preserve the winemaking traditions of the region that hosts it. 'Finca Vieja' is the name with which the first generation of the Bellido saga called the land that they cultivated with so much effort and patience. All the know-how and experience that our ancestors instilled in us is collected in this wine. We keep alive the idea that the quality of our wine only flourishes when there is a relationship of respect for the environment.

## WINEMAKING

100% Airén. Grapes sourced from vineyards located in Manzanares. Exhaustive grape selection oriented to the creation of a young wine. Fermentation done at a low controlled temperature in stainless steel tanks. The use of oak or non-inert containers is avoided, since the aim is to bottle the essence of the Airén variety "naked", preserving its primary aromatic palette.

## TASTING NOTE

 Pale yellow-lemon color, attractive and bright. Leaves behind fine tears in the glass.

 It has a pronounced intensity on the nose, predominated by lemon, peach and floral notes that complement its fruity character, predominating its aroma of jasmine.

 It has a pronounced intensity of fresh stone fruit, long-lasting on the palate and complemented by delicate floral and citric fruit flavors. It has vibrant and lively acidity that leaves behind an oily and perfumed sensation on the palate. A medium-bodied wine that can pair well with fish, seafood and light soups, due to its elegance and fine structure of primary flavors.

This wine is representative of the Airén grape, and needs to be consumed while young due to its delicate fruity and floral flavors. These flavors and aromas could be distorted over time, losing exactly what we aim for in this wine, its freshness. It is a perfectly balanced, long-lasting wine with a great fruit concentration and bright acidity.

## DATA SHEET
